FOOTBALL ELEVEN TO PLAY WILLIAMS

Buff and Blue Men Expect Hard Struggle on Saturday—Williams Has Won Three Out of Five Games Played.

BOYNTON IS PURPLE STAR

The Buff and Blue eleven faces the hardest battle of the season when it meets Williams at Williamstown this Saturday. Any mention of Williams suggests at once the Purple's captain and star, "Benny" Boynton, who has accounted for the greater share of Williams' victories and has been the strength and main support of the team when losing.

Williams has come through the season to date with a record of three victories and two defeats. R. P. I., Union, and Trinity fell before the onslaught of Boynton's warriors, while Williams came off second best with Harvard and Columbia.

Hamilton goes into the game Saturday with a handicap, Lawler being out of the game from injuries received in the Amherst game last week. Kelly, Huntsman, and Bolenius are also on the disabled list.

Williams began her season with nine letter men back. A large squad of men reported for the first practices and many good men were found from the Purple's freshman eleven of last year. McLean, who was ineligible last year, has been playing a brilliant game in the backfield..

In the first game of the Purple, with R. P. I., Boynton made five touchdowns and McLean made two. A notable feature of the game was that at no time was Williams held for downs. McLean and Boynton featured again in the Union game one week later. The Purple won easily, and the game was called by the Williams Record "a triumph for the open style of play." Against Harvard, however, this form of attack proved of little avail. Boynton was again hailed as the individual star of the game. Williams scored nine touchdowns against Trinity, and Boynton made six of these.

In general, the Purple relies upon open field play and an aerial attack. Boynton features in this style of play. Williams has an alternative, however, when the open attack fails, and turns to heavy line line plunging. In this McLean plays a stellar role.

Williams will probably line up against the Buff and Blue as follows: l.e., Codding, l.t., Lasell, l.g., Fuller, c., Smith, r.g., Shuttleworth, r.t., Fargo, r.e., Joslyn, q.b., Boynton, r.h. b., Burger, l.h.b., Richmond or McLean, and f.b., Montgomery.

—Philip W. Stone, '16, who is with an export company in New York City, may be addressed at 148 Clinton St., Brooklyn.

ON HAMILTON'S SCHEDULE

Geneva 34, Alfred 0.
Stevens 14, Rensselaer 0.
Columbia 20, Williams 14.
Wesleyan 20, Rochester 0.
Union 7, R. I. State 7.

SOCCER TEAM PLAYS SYRACUSE WEDNESDAY

Both Teams Have Been Defeated Twice—Buff and Blue to Play Sherrill Nov. 6.

By special permission of the Faculty, an intercollegiate game of soccer between Syracuse University and Hamilton will be played on the soccer field tomorrow (Wednesday) afternoon. The game will start at three forty-five.

Thus far neither team has met the same opponent, and both teams have been defeated twice. Syracuse was defeated by Yale by the close margin of one goal, and went down before Sherrill, champions of the State in 1919, to the score of 6 to 0. Last week the Orange defeated a team from the Syracuse Athletic Club by three goals. On the Syracuse team will be two students from China, whose work has been the mainstay of the University team.

Manager Mulford has announced the balance of the Soccer schedule. It will include a game with Sherrill on November 6, and a return game with Colgate on Steuben Field, November 13.

The probable line-up for Wednesday's game is as follows:

HAMILTON.	SYRACUSE.
Nichols, ol.	Chien, ol.
Moore, L., el.	Ignacio, el.
Bartlett, c.	Worden, c.
Hallock, C, er.	Partridge, er.
Brownell, or.	Codlug, or.
Forshay, R., lh.	Wertz, lh.
Heffron, ch.	Ignacio, ch.
Marlowe, rh.	Wellington, rh.
Palmer, lf.	Derby, lf.
Wettel, rf.	Bertenshaw, rf.
Willard, goal.	Stein, goal.

FALL TENNIS TOURNAMENT

Final Round to be Played Between Coupe, '21, and Thompson, '23.

The fall tennis tournament has reached the final round and the finals will be played between Coupe, '21, and Thompson, '23. In the semi-finals, Coupe defeated Brian, while Paton lost to Thompson on a default. The tournament has been of great value because it has demonstrated that there are a number of men in the freshman class with skill and experience in tennis. These men and the men who are left from last year's team will form a nucleus for an excellent team in the spring.

—Everybody at Union Nov. 20.

AMHERST ELEVEN DEFEATS BUFF AND BLUE TEAM, 30-7

Heavier Line and Brisk's Excellent Open Field Running Gain Victory for Amherst—Captain Campbell Secures Hamilton's Only Touchdown by Splendid 75-Yard Run.

The Buff and Blue team was defeated by the heavy Amherst eleven Saturday afternoon on Pratt Field at Amherst, the game ending with the score 30 to 7 in Amherst's favor. The open field running of Brisk was a feature in Hamilton's defeat. Lawler and Bolenius were injured and will probably be unable to play in next Saturday's game. Huntsman and Miller both received slight injuries, but it is hoped that they will be in condition to play before the week is over.

Amherst kicked off to Hamilton on the 25-yard line. Clark and Warren made eight yards on the two first downs. Lawler punted to Zink, who ran the ball back to the Amherst 35-yard line. Seaver recovered Amherst's fumble on the 48-yard line and Campbell ran through right guard for a seven-yard gain. Warren made the remaining three yards. Amherst took the ball on her 29-yard line and gained ten yards around left end. Fowler tackled Brisk for a loss of one yard. Amherst lost ten yards in the next play, but regained the ground by end runs. Amherst punted. Hamilton was penalized 15 yards. Warren gained 22 yards through guard in the next two downs. Amherst received the ball on downs, and Brisk carried the pigskin over the line. Zink kicked the goal. Score 7 to 0. Hamilton received the kickoff on her 5-yard line, and Clark made 25 yards before he was downed. The quarter ended with the ball in Hamilton's possession in mid-field. Brisk scored again in the second quarter after three attempts through the line. It was Hamilton's ball on her 20-yard line when the half ended.

Immediately after the kickoff in the second half, Wing made a fine 50-yard run and scored the third touchdown for Amherst. Zink kicked the goal. After the kickoff Clark and Warren gained ten yards through the Amherst tackles. Clark made another first down on the 40-yard line. Warren fumbled after running 20 yards, and Amherst obtained the ball on her 40-yard line, Amherst punted. Hamilton tried a forward pass which Amherst intercepted. Card made it first down on the Hamilton 3-yard line, and shortly afterwards Daniels made the fourth touchdown. In the fourth quarter Spice passed the ball over the goal line for a safety. Warren forwarded to Campbell, who made the sensational run of the day and carried the ball 75 yards for Hamilton's only touchdown.

The line-up follows:

AMHERST (30)	HAMILTON (7)
Davidson, le.	Lawler, le.
Clapp, lt.	Spice, lt.
Leete, lg.	Hawkins, lg.
Palmer, c.	Fowler, c.
Clark, rg.	Davis, rg.
Roberts, rt.	Burke, rt.
Williams, re.	May, re.
Zink, qb.	Campbell, qb.
Wing, rhb.	Seaver, rhb.
Brisk, lhb.	Warren, lhb.
Card, fb.	Clark, fb.

Substitutions: Amherst—Andrews for Davidson, Worcester for Clark, Winch for Worcester, Wilcox for Roberts, Elliott for Williams, Daniels for Wing, Johnson for Brisk, Murnene for Card; Hamilton—Bolenius for Hawkins, Miller for Bolenius, Huntsman for Lawler, Reeder for Huntsman. Touchdowns: Wing, 1; Brisk, 2; Daniels, 1; Campbell, 1. Goals from touchdowns: Zink 4, Campbell, 1. Referee, Birley. Umpire, Johnson. Time, 15 minute quarters.

PRESS BOARD TO HAVE NEW OFFICE

Will Occupy former Hamilton Union Rooms in North College—More Candidates Wanted for Board.

The Press Board, which this fall has so effectively worked to get Hamilton College news into the larger papers of the vicinity and of New York City, is soon to have quarters of its own. The old Hamilton Union rooms in North Dormitory are to be fitted up for the use of the members of the Board. They will thus be able to collaborate on their reports, and all work can have the direct supervision of the Chairman of the Board while the news is in preparation.

Chairman Seaver can use several more men on the Board. Those who have been doing the work in the past have served well and faithfully, but if more men will report for the work, papers will be found for them. There are several worth-while papers in whose columns Hamilton news appears very infrequently. With men regularly assigned to these papers, reports of our football games and other news of general interest can be given more publicity. Men interested in this work should see Seaver, '21, at once.

DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a W D C Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

WORLD'S LARGEST PIPE MANUFACTURERS

"Look at Him Today!"

"He started in here just as you are doing. Now he's General Manager and makes more in a day than he used to make in a week. I'll tell you how he did it. The first week he was here he began to train for the job ahead by studying in spare time with the International Correspondence Schools. Inside of six months he got his first promotion. But he kept right on with the I. C. S. I tell you a man like that is bound to get ahead. Some day he'll be President of the Company. You've got the same chance he had, young man, and if I were you I'd follow his example. Take up some I. C. S. Course and do it right away. Use your spare time. Study. What *you* are a few years from now is entirely up to you."

This is the story of thousands of successful men. They did their work well, and in spare time, with I. C. S. help, trained themselves for advancement. That's the thing for *you* to do. Whatever your chosen work may be, there is an I. C. S. Course that will prepare you right at home for a better position with bigger pay.

More than 110,000 men are getting ready for promotion right now in the I. C. S. way. Let us tell you what we are doing for them and what we can do for you. The way to find out is easy. Just mark and mail this coupon. It won't cost you a cent or obligate you in the least, but it may be the first step toward a bigger, happier future. Don't lose a minute. Mark this coupon and get it into the mail right now.

Saturday's Defeat

The Buff and Blue football eleven, which started off so finely on its schedule with three straight victories, went down to defeat last Saturday at Amherst. One touchdown by Captain Campbell, made on a brilliant 75-yard run, saved the game from being a complete shut-out for Hamilton. During most of the game, the team seemed to lack the fight which had enabled it to battle successfully against heavier teams, such as N. Y. U. and R. P. I.

The Amherst game is past, but we should profit by its lessons. The team needs more spirit for the remaining games of the season. We should not get too confident. There is still time left for a couple of crushing defeats if we do not prepare adequately for the hard struggles with Williams and Union.

Every man who can do so should get out to the afternoon practice and encourage the football men. The Eleven can win if it gets the right fighting spirit, and the College must supply that spirit. Get out and cheer the team. Help the Buff and Blue BEAT WILLIAMS!

FOOTBALL TEAM LIGHTER THAN USUAL

Eleven Averages Only 159½ Pounds This Fall—Average for Backfield is 150 Pounds and for the Line 168 Pounds.

FEW VETERANS ON SQUAD

The football eleven averages 159½ pounds this fall, the back field figuring at 150, and the line at 168, making a lighter team than usual for the Buff and Blue. The individual statistics of the squad are as follows:

1. Campbell, '21, Capt., quarterback, age 22, height 5 ft. 7 in., weight 137, 4th year on team, Endicott High.

2. Clark, fullback, age 20, height 5 ft. 9 in., weight 156, 3rd year on team, New Haven, Conn., High.

3. Lawler, left end, age 22, height 6 ft. 1½ in., weight 160, 3rd year on team, Oneida High.

4. Fowler, center, age 20, height 6 ft. 1½ in., weight 161, 3rd year, Steele High School, Dayton, O.

5. Burke, right tackle, age 22, height 6 ft. 1 in., weight 174, 2nd year, Vernon High.

6. Spice, left tackle, age 18, height 6 ft. 3 in., weight 191, 2nd year, Utica Free Academy.

7. Warren, C., right half back, age 20, height 5 ft. 9 in., weight 163, 2nd year, Remsen High.

8. Huntsman, right end, age 20, height 5 ft. 11½ in., weight 155, 2nd year, Auburn Academic High.

9. May, right end, age 20, height 5 ft. 10 in., weight 152, 2nd year, Erasmus Hall.

10. Reeder, end, age 20, height 5 ft. 10 in., weight 142, 3rd year, Phillips Exeter Academy.

11. Kaiser, half back, age 20, height 5 ft. 5½ in., weight 139, 1st year, New Rochelle High.

12. Seaver, left half back, age 21, height 5 ft. 7 in., weight 146, 2nd year, Erasmus Hall.

13. Kelly, left guard, age 19, height 6 ft., weight 166½, 1st year, Utica Free Academy.

14. Eckler, guard, age 19, height 5 ft, 11 in., weight 203½, 2nd year, Richfield Springs High.

15. Davis, guard, age 20, height 5 ft. 8 in., weight 169, 1st year, Utica Free Academy.

16. Miller, center, age 21, height 5 ft. 10½ in., weight 167, 2nd year, Utica Free Academy.

17. Farrand, tackle, age 20, height 6 ft. 2½ in., weight 173, 2nd year, Holley High.

18. Bolenius, tackle, age 21, height 6 ft. 2 in., weight 178, 3rd year, Auburn High.

19. Hawkins, guard, age 22, height 6 ft. 2 in., weight 165, 2nd year, Syracuse Central High.

20. Doyle, quarterback, age 18, height 5 ft. 8 in., weight 138, 1st year, Englewood High, Englewood, N. J.

21. Fletcher, guard, age 22, height 5 ft. 9 in., weight 150, 2nd year, Sidney High, Sidney, N. Y.

22. Meehan, half back, age 17, height 5 ft. 9 in., weight 160, 1st year, Townsend-Harris Hall, New York City.

—The address of William A. Ferguson, '04, is 1790 Broadway, New York City.

A. F. S. FELLOWSHIPS

In order to provide an enduring memorial for the one hundred and twenty-seven Field Service men who gave their lives in the World War, and to perpetuate among future generations of French and American youth the mutual understanding and fraternity of spirit which marked their relations during the war, an organization has been established, known as the American Field Service Fellowships for French Universities, formerly the Society for American Fellowships in French Universities. This organization proposes to award fellowships for advanced study in France to students selected from American colleges, universities, and technical schools and occasional fellowships for French students in American Universities. These fellowships will, when endowed, be named after the men of the American Field Service who died in France, and it is intended, if sufficient funds can be obtained, to name a fellowship in memory of each one of these men.

The Society for American Field Service Fellowships for French Universities will offer for open competition among graduates of American colleges and other suitably qualified candidates a number of fellowships, not to exceed twenty-five, for the purpose of advanced study and research in French Universities during 1921-1922.

The fellowships, of the annual value of $200 or 10,000 francs, are granted for one year and are renewable for a second year. They may be awarded in the following fields of study:

Agriculture, anthropology, archaeology and history of art, astronomy, biology, botany, chemistry, classical languages and literature, criminology, economics, education, engineering, English language and literature, geography, geology, history, law, mathematics, medicine and surgery, oriental languages and literature, philosophy, physics, political science and international law, psychology, religion, romance languages and literature, Semitic languages and literature, Slavic languages and literature, sociology, zoology.

Fellows will be required to sail to France not later than July 1 of the year in which the award is made, to matriculate in a French University for the following session, and to pursue studies in the field of science designated in their awards. They will be expected to send accounts of their studies together with reports of their progress from their instructors.

Applicants must be citizens of the United States and between twenty and thirty years of age. They must be:

1. Graduates of a college requiring four years of study for a degree, based on fourteen units of high school work; or,

2. Graduates of a professional school requiring three years of study for a degree; or,

3. If not qualified in either of these ways, must be twenty-four years of age and have spent five years in an industrial establishment in work requiring technical skill.

Applicants must be of good moral character and intellectual ability, and must have a practical ability to use French books.

Applications must be made on Application Blanks furnished by the Society and must be accompanied by

1. A certificate of birth;
2. A certificate of naturalization, if needed;
3. A certificate of college studies;
4. A certificate of industrial work, if needed;
5. A photograph, signed and taken within a year;
6. Printed or written articles, theses and books, written or published by the applicant; and
7. Three testimonials to moral character, personality, and intellectual ability, to be sent by the writers direct to the secretary.

Applications should reach the secretary of the Society not later than January 1, 1921.

Application blanks and further information about the fellowships may be obtained from the secretary, Dr. I. L. Kandel, 522 Fifth avenue, New York.

Spice o' Life

Terry Howland: "Say, did you know I was a better man than George Washington?"

Nate Pendleton: "No, how is that?"

Terry: "Well, George Washington couldn't tell a lie —"

Nate: "But you can, is that it?"

Brainard (reporting time to Coach after running 100 yd. dash): "I made it in 18 flat."

Coach: "What did you do, walk?"

Brainard: "No, sir."

Coach: "Why didn't you?"

Fancher: "All ready? Well, run up the curtain."

Asst. Manager: "Say, what do you think I am—a squirrel?"

Heard in Prof. Squires' philosophy class, (a result of the trip taken by Prof. Dale's geology class):

Prof. Squires: "Well, another blizzard seems to have hit us."

Voice: "No; rocks."

Moore: "That mustache of yours is a sight."

Holler: "Don't knock a mustache when it is down."

She (at fall house party): "Do you remember how we used to drive away the pain of burnt hands and pricked fingers by kissing them?"

Shimmie: "Ay-uh. Gee, I've got an awful toothache."

Prof. Bonham: "I just adore caviare."

Abe: "He is fine. I never miss him when he comes to Brooklyn."

I

Of sense to this
There's not a trace.
We need four lines
To fill the space.
—Denver Times.

II

And likewise we,
When short, by gol,
Have penned just this
To fill the col.
—Hamilton Life.

A COMMUNICATION

To the Editor of **Hamilton Life:**

Few men on the Hill like to sprint across the Campus when the last bell rings two minutes ahead of time. Tradition has always played an important part in the regulation of college life, and in no respect has this been more plainly evident than in the ringing of the chapel bell for the classes.

In "the good old days" of last year and of the years before that, it was decreed by custom and authority that the chapel bell should be rung at exactly twenty-five minutes after the hour during the period of the day when classes were being held. Exactly upon the half hour the bell was slowly tolled twelve times, and this was followed by three sharp strokes. There was no provision for ringing this final bell with such rapidity that no one, not even a sprinter, could reach the Hall of Philosophy from Carnegie or North after the bell had started ringing. Nor was the unpardonable sin ever committed of failing to bring classes to a halt by neglecting to ring the bell, with the result that everyone was late for lunch by some eight or ten minutes.

The chapel clock regulates our life on the Hill. The accustomed regularity of this life and the daily schedule of hours must not be disrupted by a lack of punctuality and a disregard of custom on the part of the bell-ringers.

How Large is an Atom?

ATOMS are so infinitesimal that to be seen under the most powerful microscope one hundred million must be grouped. The atom used to be the smallest indivisible unit of matter. When the X-Rays and radium were discovered physicists found that they were dealing with smaller things than atoms—with particles they call "electrons."

Atoms are built up of electrons, just as the solar system is built up of sun and planets. Magnify the hydrogen atom, says Sir Oliver Lodge, to the size of a cathedral, and an electron, in comparison, will be no bigger than a bird-shot.

Not much substantial progress can be made in chemical and electrical industries unless the action of electrons is studied. For that reason the chemists and physicists in the Research Laboratories of the General Electric Company are as much concerned with the very constitution of matter as they are with the development of new inventions. They use the X-Ray tube as if it were a machine-gun; for by its means electrons are shot at targets in new ways so as to reveal more about the structure of matter.

As the result of such experiments, the X-Ray tube has been greatly improved and the vacuum tube, now so indispensable in radio communication, has been developed into a kind of trigger device for guiding electrons by radio waves.

Years may thus be spent in what seems to be merely a purely "theoretical" investigation. Yet nothing is so practical as a good theory. The whole structure of modern mechanical engineering is reared on Newton's laws of gravitation and motion—theories stated in the form of immutable propositions.

In the past the theories that resulted from purely scientific research usually came from the university laboratories, whereupon the industries applied them. The Research Laboratories of the General Electric Company conceive it as part of their task to explore the unknown in the same spirit, even though there may be no immediate commercial goal in view. Sooner or later the world profits by such research in pure science. Wireless communication, for example, was accomplished largely as the result of Herz's brilliant series of purely scientific experiments demonstrating the existence of wireless waves.

FOOTBALL SEASON IS MARKED SUCCESS

Survey of Schedule Thus Far Shows Inexperienced Team Has Made Good Record.

CLARK HIGHEST SCORER

Hamilton's string of football victories was broken by Amherst last Saturday, but it may still be truthfully stated that the season has been a success thus far. The Buff and Blue has a record of three victories against one defeat. Such a defeat as was received at the hands of the strong Amherst aggregation is certainly no disgrace, and the showing made by the team on this occasion gives renewed hope for success in the remaining games on the schedule.

The season started with only four of last year's regulars on the team. Around these men Coach Prettyman and Captain Campbell have built up a fast, scrappy team. Hamilton's lack of weight and experience is made up in speed and fight. In the R. P. I. and N. Y. U. games the team showed marked improvement over the type of playing in the Alfred game. The plays worked with greater smoothness, and time after time a Buff and Blue player found his way through the heavy lines of the opposing teams. Throughout the first part of the season, because of its lightness, the team relied for the most part on forward and lateral passes. The heavy opposition and the wet field at Amherst Saturday made impossible the successful execution of the overhead type of play. However, in all four games, Clark and Warren have been substantial gainers in line plays.

Captain Campbell has proved himself an able general and a star player. He has been a real leader and is directly responsible for much of the team's success. In the last three games Seaver has found a place in the backfield, and has proved a valuable player. Fowler, playing a roving center this season for the first time, has caused much trouble for opposing teams, and has proved a dangerous man on both defense and offense.

In four games Hamilton has scored forty-one points to her opponents' fifty. Hamilton's points have been scored as follows: Clark, twelve; Campbell, nine; Lawler, eight; Seaver, six; Warren, six.

FOOTBALL SCHEDULE

Oct. 9—Hamilton 7, Alfred 0.
16—Hamilton 13, R. P. I. 7.
23—Hamilton 14, N. Y. U. 13.
30—Hamilton 7, Amherst 30.
Nov. 6—Williams, at Williamstown.
13—Rochester, at Clinton.
20—Union, at Schenectady.

FRESHMAN CLASS ELECTS

The Freshman Class has elected officers as follows: President, Donald Hamilton of Batavia; Vice President, William G. Tryon of Auburn; Secretary, Stewart P. Brownell of Oneonta; Treasurer, William M. Grassman of Syracuse.

HAMILTON'S SOCCER TEAM LOSES TO COLGATE ELEVEN

Hamilton lost its first intercollegiate soccer game to Colgate Saturday by the score of two to nothing. The field at Colgate is not an ideal one for the game and was made even worse by the bad weather. A large crowd witnessed the game.

Hamilton played well and the Buff and Blue players kept the ball in the enemy's territory most of the time. Two goals were secured by the Maroon eleven, one in each half of the game. The team work of the Buff and Blue was usually superior to that of Colgate, but lacked direction in kicking to the goal posts.

The Maroon used a mass formation in following the ball, by which the forwards and halfbacks united in a half-moon about the ball and forced it by sheer weight and strength toward the goal. Bodell, captain and fullback of the Colgate team was the greatest factor in preventing scoring by Hamilton. Hiller, at center-half, and De Lessio, outer left forward, were Bodell's chief aids.

Captain Bartlett's men played well together in the open field, but did not mass in attempts for goals. Both Captain Bartlett and Wettel played stellar games. By special agreement, substitutions were permitted during the halves. The lineup for the game follows:

HAMILTON.	COLGATE.
Nichols, ol.	DeLessio, ol.
Moore, L., il.	McCormick, il.
Bartlett, c.	Farnham, c.
Hallock, C., ir.	Gamble, ir.
Brownell, or.	Mallory, or.
Forshay, R., lhb.	Laekins, lhb.
Heffron, chb.	Miller, chb.
Marlowe, rhb.	Jube, rhb.
Palmer, lf.	Bodell, lf.
Wettel, rf.	Beebe, rf.
Willard, goal.	Couper, goal.

Substitutions: Fiske for Heffron, Heffron for Brownell. Referee: Coyne of Clark Mills. Linesmen: Cunningham of Colgate, Dewitt of Hamilton. Timers: Dempsey of Colgate, Mulford of Hamilton. Time of halves, thirty minutes.

NOTICE

The following rules, suggested by the Faculty and endorsed by the Trustees, will become operative in the second semester of the college year, beginning with February 3, 1921:

1. Elective cards containing the choice of studies for the next year must be made out and submitted in person to the Committee on Schedule and Studies in May, the day for Juniors being the fourth Wednesday, for Sophomores the preceding Tuesday, for Freshmen the preceding Monday. Cards must conform to the regulations as given above, and all courses must be numbered and indicated in the Summary of Elective Courses. The fee for submitting elective cards at any later time is two dollars for the first day of delay, and one dollar for each subsequent day of the college session.

The choice of electives may be changed only by permission of the Committee on Schedule and Studies. When such change is permitted, a fee of two dollars is charged. No change of electives will be allowed later than the third day of the first semester.

No credit will be allowed for a course for which the student is not registered by the Committee on Schedule and Studies; and no student may attend a course for which he is not registered without the joint permission of the instructor and the committee.

2. The fee for unexcused late registration of old students at the beginning of the first semester is one dollar for each day of delay.

3. The fee for a special examination is three dollars. The maximum fee for the examinations of a single semester is ten dollars.

—Malcolm S. McLean, '16, formerly an instructor of English at Northwestern University and the University of Minnesota, is at present writing fiction at Laguna Beach, Cal.

AGES OF UNDERGRADUATES

Acebron, '23, is Oldest Man in College—Burns, '24, is Youngest.

The distinction of being the "old man" of Hamilton belongs to V. Acebron, '23. He is 27 years old. L. Burns, '24, whose age is 16, is the youngest. R. Clark, '24, oldest member of his class, is second only to Acebron, with 25 years. Of the Seniors, R. R. Bodle is 25, and N. M. Barron is 19. The Juniors are led in both extremes by S. C. Rooney, aged 24, and V. R. Smalley, 18, while E. Lanrowitz, aged 17, is the youngest man in the Sophomore Class.

The average age of the students in the College is 19.7 years, the Seniors leading with an average of 21.3. The other average ages follow in the order of classes: Juniors, 20.3; Sophomores, 19.2; and Freshmen, 18.3 years. These figures indicate that the average age at which a Freshman comes to Hamilton remains nearly constant from year to year.

NEW HISTORY CLUB

A History Club will soon be formed on the Hill. A meeting will be held early this week to perfect the organization. All students who have had one year of college history are eligible for membership in the club.

—Steps have been taken to build new dormitories to house co-eds at Syracuse University. Accommodations provide for one thousand at the present time, and over a thousand are now rooming in private homes.

—Freshmen attending the University of Alabama will not be required to wear green caps this year. Despite much opposition by the Seniors and Juniors the custom was abolished. A petition formed and presented to the State Legislature by the Mothers' Club of Alabama was one of the chief reasons for abolishing the custom.

Everybody at Union Nov. 20.

PROF. PATTON SPEAKS IN UTICA

Delivers Interesting Lecture Before Utica Chapter of American Institute of Banking.

SUBJECT IS WEALTH

Prof. Frank Lester Patton of the Department of Economics gave a very interesting talk before the Utica Chapter of the American Institute of Banking Tuesday evening, October 26. He pointed out in his speech that, in the true sense of the word, bonds are not considered as wealth. If they are, the war did not reduce the wealth of the nation, as all the debts are represented in bonds. When the United States recently announced its wealth as 187 billions, the total of all the government and industrial bonds and mortgages was excluded from this report as they are not wealth. The speaker continued as follows:

"The real wealth of a nation consists not in the selling price of its property, but in its power to produce. Judged by this criterion, America is more wealthy than all Europe, and the average American is fifteen times more wealthy than the average Roman citizen of 300 A. D.

"The scientists tell us that our wealth is due to our resources in coal and iron. But this is not enough. For 10,000 years our country was inhabited by Indians to whom coal and iron were simply two kinds of dirt—black dirt and red dirt. These resources were not wealth to them.

"It was the knowledge of how to use them that made them wealth. Knowledge, then, is the most real of all kinds of wealth, and the best part of it is that we do not have to quarrel over it as we do over the small fraction of wealth which consists of material goods. Knowledge is free to all comers.

"It is of interest to France that coal and iron should be cheap in this country, for then she will have cheap machinery and will be able to buy things more cheaply. The discovery of a new and more efficient electric light benefits the whole world to a greater extent than the special profit made by the nation which produced it.

"It would be an unmixed blessing if this community of interest among modern nations could be recognized. It might put an end to wars. However, the age-long struggle for existence has left us with strong fighting instincts, and other wars may occur before man succeeds in getting away from the past."

JUNIOR PROM COMMITTEE

The 1922 Junior Prom Committee is now organized and is beginning the work of arranging for the Prom. The members of the committee are as follows:

Thomas B. Pope, Chairman; William H. Spice, Jr., LeRoy B. Sherman, Jr., Roscoe G. Reeder, Roger H. Williams, Henry T. Severin, Jr., Damon L. Getman, Paul W. Pitkin, Harold M. Hartness.
